

# Summer Music Photography/Image Policy

In the context of this policy;

- media refers to still images and videos, with or without sound. Images may be distributed and displayed by electronic means or by hard copy.
- Camper refers to the individual registered for a program.
- Summer Music on-line sites refers to the Summer Music website ([www.summermusic.com](http://www.summermusic.com)), the Summer Music Facebook site (Southampton Summer Music) and other content published on-line by Summer Music Society including contracted promotional services.

Because our venues are open to the public, Summer Music cannot control what happens with media created by others.

For media created for use by Summer Music;

1 no camper will be identified by name without consent from the parent/guardian or camper if of age of majority

2. Group or individual pictures of the various classes in session or performing at the galas may be published in printed material or on the Summer Music on-line sites. These may identify the program but no individual identification will be given except as provided by 1 above.

The registration process includes;

1 Acknowledgement of the policy.

2 Explicit Consent to use individual names(Yes or No) on a per camper basis when specific camper details are entered
